## DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The B. G. Hearn House is located on the south side of U.S. 50 just west of the intersection of White-Lowe Road and Rt. 50. It is a two story frame duplex house probably built in the late 19th or early 20th centuries. It has a central chimney and a one-story shed-roofed rear extension. The front elevation, facing Rt. 50 has two bays, consisting of a door and window on the first floor and a smaller window on the second floor over the door. The windows on the front elevation are 1/1 on the first floor and 2/2 on the second floor. All other windows are also 2/2. The foundation is concrete and the exterior is covered with asbestos siding. Two small deteriorated outbuildings behind the house also date from the late 19th or early 20th century. An unpaved driveway leads from Rt. 50 past the west side of the house. Various shrubs of medium height are scattered over the area.
